

TOP SECRET

STANDARD FORM NO. 64

Office Memorandum • UNITED STATES GOVERNMENT

DATE: March 3, 1957

TO : SA-E Mr. Klaus
FROM : A-H Mr. O'Sullivan
SUBJECT: JIOA 1/14.

The Under Secretary has approved the attached statement as a Departmental position on JIOA 1/14. This is the same statement in which you concurred for SA-E.

From our telephone conversation this morning, it is my understanding that JIOA 1/14 is no longer pending in JIOA, but is now before JIC, in which the Department is also represented by SA-E. It is therefore suggested that the Departmental representative use the attached statement when JIOA 1/14 is discussed in JIC.

Will you keep this office advised of progress?

Substitute Draft Departmental Position

The Department of State would not object to immigration of German scientists into countries in the Western Hemisphere where such immigration would not violate the inter-American agreements with respect to exclusion of dangerous Axis nationals. The Department cannot concur, however, in the proposal contained in JIOA 1/14 that such cases should be governed by the security standards of the Paperclip program.

Note: Blue file copy bears notation of concurrence by the Under Secretary.
